

THE CABBAGE PATCH

How well do you think you know the home of England Rugby?

Activity 1 - Six Nations Spelling Bee

Get a family member to challenge you on our Six Nations Spelling Bee!

How many tries and conversions can you score?

Did you know?

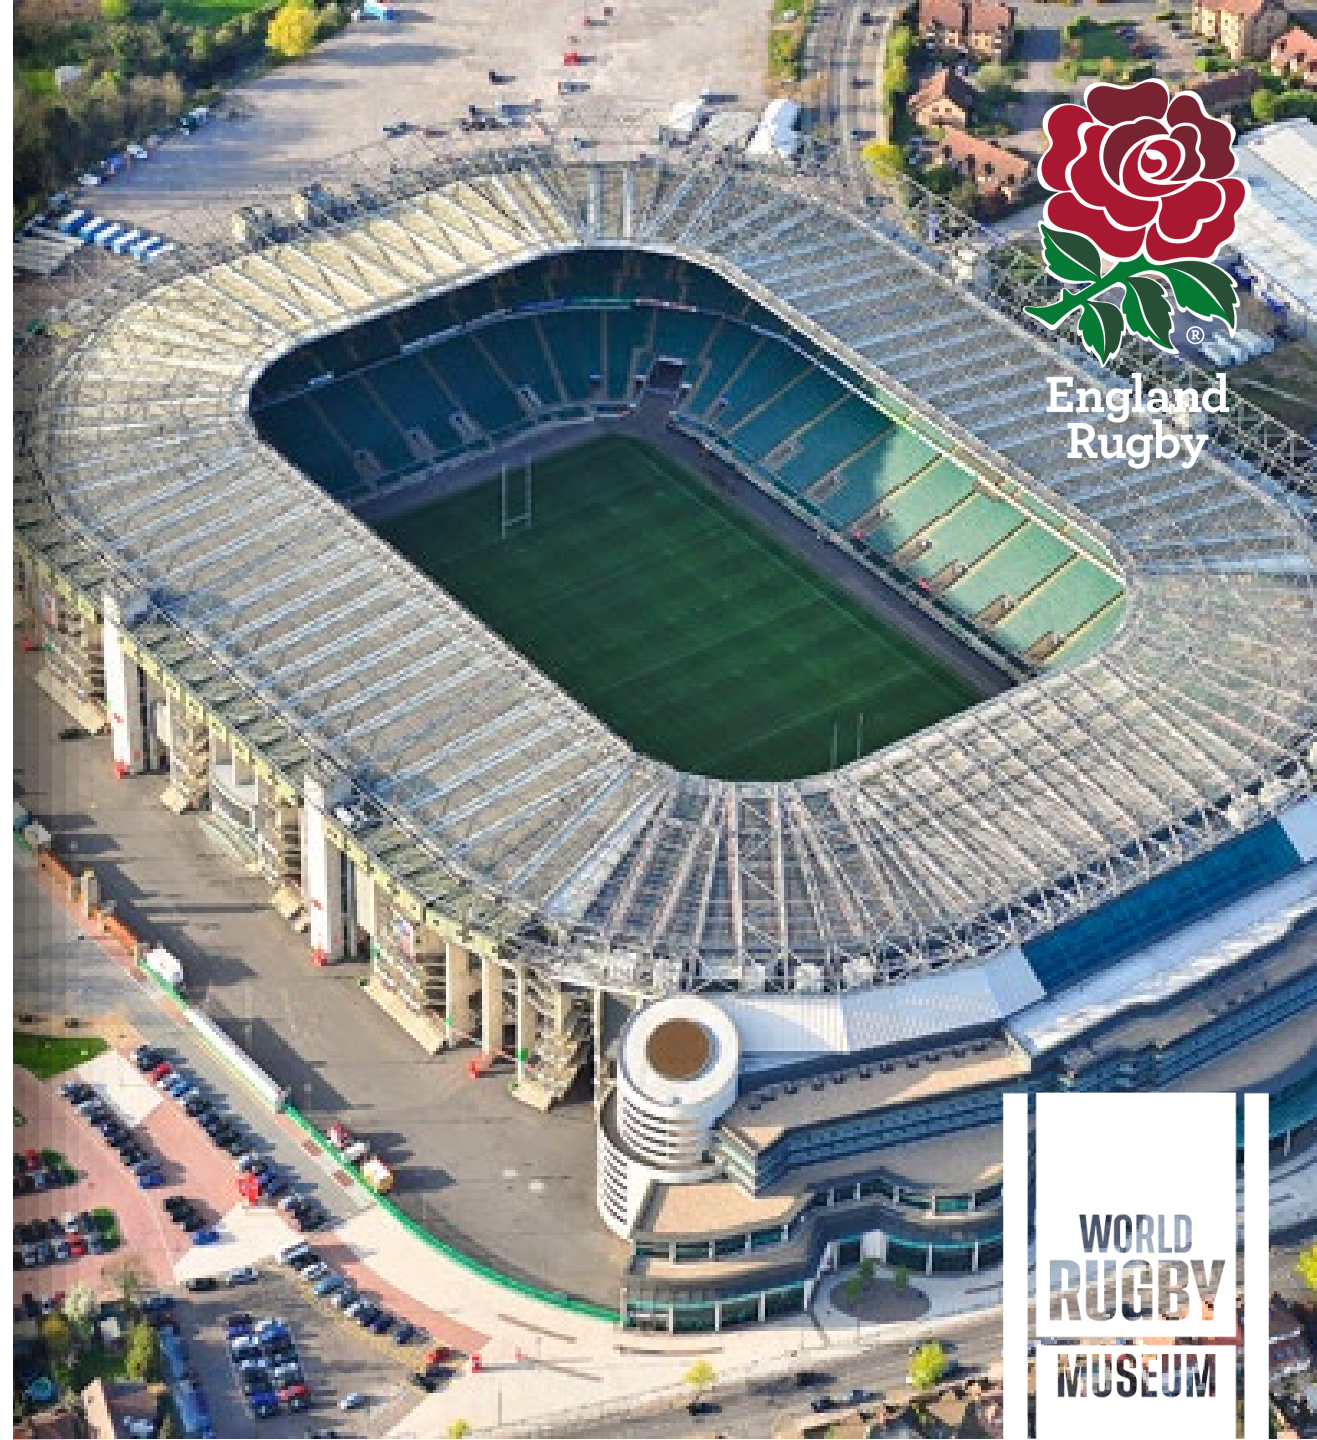

In 1907, the Rugby Football Union purchased a 10 ¼ acre market garden in Twickenham. The man who found the land was called William Williams and it became known as his “Cabbage Patch”. This is where they built Twickenham Stadium.

Activity 2 - Garden Explorers

In your garden or on a walk outside, take photos of different plants, trees, and insects you find. Can you identify them all?

Draw a plant, including leaves, a flower, stem and roots. Use the activity sheet to help label your plant and describe what each part does.

SCHOOL OF RUCK

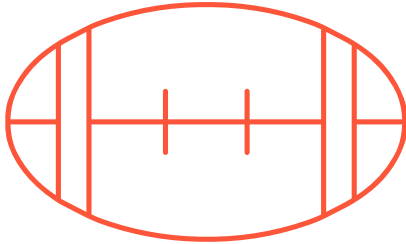

Activity 3 - Design a Stadium

Can you design and build a stadium?

You could use a range of materials. For example: Lego, twigs, wood, cards, clay or you could even design it on your computer!

Activity 4 Pitch and Perimeter

Help Billy Williams work out the missing perimeters of the rugby pitches before it's too late!

Activity 5 - Create a Timeline

Using the Twickenham Stadium Timeline Sheet, put the events in the correct order and draw some pictures to go with the facts!

Can you also add some world events onto your timeline? E.g. WWI began in 1914!

SIX NATIONS SPELLING BEE

Learn the spellings and meanings of the words on the next page.

Read each word, write it without looking, and check!

Once you feel confident, get a family member to test you. Start with words from the Try column. If you get the spelling right, score 5 points. If you don't, move on.

If you get a spelling correct, you can attempt a word from the Conversion column to score an extra 2 points!

By the end of the week, can you score the maximum 35 points?

BONUS ROUND!

Can you put every new word learnt into a complete sentence?

PITCH AND PERIMETER

A Six Nations match is fast approaching. Help Billy Williams measure the perimeter of the rugby pitches before it's too late! Using a ruler, measure the sides and round to the nearest cm.

To find the **perimeter** of a rectangle, you must measure and add up all the sides.

TWICKENHAM STADIUM TIMELINE

Can you put the events in the correct time order? Add some pictures to your timeline!

1909 - Harlequins v
Richmond, 1st match

1914-18 - WW1. Ground
used as a store for the
duration. Horses allowed
to graze on the pitch.

1907 - Twickenham
Stadium Land
Purchased

1939-45 WW2. Stadium
used as a civil service
depot for the duration.
Lightly damaged by
bombing.

1938 - First Televised
Game

1991 - Co-host Rugby
World Cup

GARDEN EXPLORERS

Draw a plant with a flower, stem, leaves and roots.

What does each part do?

Takes up water and nutrients from the soil. Keeps the plant steady and upright in the soil.

Carries water and nutrients to different parts of the plant.

Uses light from the sun, along with carbon dioxide from the air and water to make food for the plant. This process is called photosynthesis.

Involved in creating new life and produce seeds.
