KEEP CALM AND TURN ON THE RUGBY!

Help your squad by completing all the missions.

Activity 1 - Six Nations Spelling Bee
Get a family member to challenge you on our Six Nations Spelling Bee!
How many tries and conversions can you score?

Did you know?
Rugby helps develop leadership, teamwork and respect in its players. When war started in 1914, rugby players around the world joined the army to help. Thanks to rugby's core values, players made the perfect soldiers.

Activity 2 - Map Attack!
All the names of the European countries have been rubbed off the map! Can you put them back in the right places?

Activity 3 - Number Overload
The army officers can't keep up with the number of rugby players volunteering to fight. Can you use your knowledge of percentages to work out the number of new army recruits?

Activity 4 - Make a Poppy Collage

Using old magazines and newspapers, can you create a picture of a poppy? Create an army of poppies if you can!

Activity 5 - Secret Agent

Create your own secret code using shapes, symbols and day-to-day objects. Use the code to write secret messages to a family member or friend! Don't forget to share your secret code so they can work it out!

Activity 6 - Create a Poster

Imagine it's 1914 and war has just begun. Can you create a poster using persuasive language to recruit new soldiers? Use the example to help.

SIX NATIONS SPELLING BEE

Learn the spellings and meanings of the words on the next page.

Read each word, write it without looking, and check!

Once you feel confident, get a family member to test you. Start with words from the Try column. If you get the spelling right, score 5 points. If you don't, move on.

If you get a spelling correct, you can attempt a word from the Conversion column to score an extra 2 points!

By the end of the week, can you score the maximum 35 points?

BONUS ROUND!
Can you put every new word learnt into a complete sentence?

NUMBER OVERLOAD

The army officers can't keep up with the number of rugby players volunteering to fight. Can you help them to add up or subtract the numbers?

e.g., 300 people joined the army yesterday. Today, 80% of that number joined. How many people joined the army today?

300÷10=30
30x8=240
240 people joined the army today.

Will you follow this
GLORIOUS EXAMPLE ?

Remember to use persuasive language techniques.

- Rhetorical questions
- Emotive language
- Include detail and facts
- Present opinion as fact
- For a poster, be concise! (Don't waffle!)
